It is our pleasure to invite you to participate in a life-changing experience that The Apostolic Church International, UK a focused Church group have put together and christened it the Expansion Summit, for your spiritual upliftment and awakening the “unique, special and different brand-value” within you.

The Expansion Summit is aimed at making you and all participants become larger or more extensive. Here is the great challenge of life: **“You can have more than you've got because you can become more than you are – I have found that income seldom will exceed your own personal development” Jim Rohn.**

The Apostolic Church International, UK will be deploying state-of-the-art Kingdom Principles. The Summit would be run by Spiritual Magnates and by experienced professionals and subject experts who have been tried and tested.

This Summit is an exclusive event that is reserved for people with Kingdom Mandate and leaders, top-level executives, or people with influence, in their organization or industry. Typically, it will be concentrated with topics and agenda scope. It is fully customized with in-depth strategic planning engagements.

# SUMMIT SYNOPSIS

The Apostolic Church International, UK would like to take this opportunity to introduce you to the Expansion Summit 2022 (ES 22). We very much hope you will enjoy this year's event.

The Expansion Summit is a Summit for the people with Kingdom Mandate. This gathering is to serve as a powerful and spiritual catalyst to align leaders, members, associates and friends with Kingdom Mandate to acquire biblical knowledge, spiritual and physical tools, and techniques to develop solutions to problems. It will equip participants with new strategies, and fuel collaboration across the Kingdom Business. The Summit will discuss contemporary and relevant issues facing our world. The gathering would also seek solutions to the problems shared by the people with Kingdom Mandate in all

occupations and in all the Countries in the World - be they spiritual, economic, social, educational, military or political in nature.

The Expansion Summit is to generate, provoke and inspire new thinking and many next steps. The gathering is expected to produce a range of outcomes – from creating a shared spiritual vision to documenting recommendations about the spiritual, economic, social, educational, military and political future. It will provide participants with new directions and guidance for discovering the imperatives for change. There is no gain saying that it is essential to talk openly, regularly, and effectively in team meetings. The primary goal of this gathering is to make decisions, solve problems, and ensure the Church's day-to-day operations and processes are aligned. It is also expected to be a

place to gather, bond, and build rapport as a spiritual and leadership unit.

As a Living Church, Spiritual and Religious Organization, we have carefully picked the heart and theme of the Summit from the Holy Scriptures:

### **Acts 2:1-4**

*“When the day of Pentecost came, they were all together in one place. Suddenly a sound like the blowing of a violent wind came from heaven and filled the whole house where they were sitting. They saw what seemed to be tongues of fire that separated and came to rest on each of them. All of them were filled with the Holy Spirit and began to speak in other tongues as the Spirit enabled them.”*

The Holy Spirit makes new creatures (or creations) out of old,

lost sinners. He is the marvelous Power of God that enables sinners to walk and live in the way of godliness. He is the Spirit that, in this world produces the fruits of love, joy, peace, patience, kindness, goodness, faithfulness, gentleness and self-control. The Holy Spirit, *“poured out”* on Pentecost, is *“the third person of the Trinity, one with the Father and the Son”*. The Holy Spirit was given with *“signs.”* Although He in Himself is invisible, the church must know who He is and what He does when He is given.

Consider what a harvest this was and is for the church of Jesus Christ! What the paycheck is to the laboring man, what the financial profits are to the businessperson, and what the harvest is to the farmer. That Pentecost is the holistic profit for the church of Christ and the people with the Kingdom Mandate.

## MANY CHRISTIANS ARE AFRAID TO MOVE

The Bible teaches it all. Sometimes we have been surprised at how quickly United Kingdom and many other continents' Christians will move their families and businesses from one location to another without much thought or prayer. There are always reasons why. Many got a better job offer, they like the area, they want to get away from the crowded city and the crime, they want a better place to raise kids, etc. Some of those factors are worth considering, of course. But at times, it seems that Christians hardly consider the Lord and His purpose. Of course, there are times when God wants us to move. The question is, "How can I know whether God wants me to move or stay?" In Genesis 46:1-30, Jacob moves his whole extended family down to Egypt. It was not an easy thing for a 130-year-old man to do! It is often said that fear of God has no place in the Christian's life "for there is no fear in love, but perfect love casts out fear. Fear is like the monster under kids' beds — its power is fueled not by what is really there, but by what *might be*, what we imagine *could be*. Fear is a hollow darkness in the future that reaches back through time to rob our joy now by belittling the sovereign goodness of God. Indeed if we are in Christ, if we cling to him by faith, we do not have to fear. Really, we do not.

A photograph of a person, likely a runner, sitting on a track. They are wearing a blue and white athletic top, black socks, and blue and white sneakers. They are holding a white object, possibly a water bottle or a small bag, in their hands. The background is a blurred orange track surface.

This Summit is to empower participants for impartation and evangelism. Many circular authors have picked on this act of fear. In Dr. Johnson's, book 'Who Moved My Cheese?' He stated, “What you are afraid of is never as bad as you imagine. The fear you let build up in your mind is worse than the situation that actually exists”. This Summit will uncover all the tricks, tools, knowledge and strategies required for a Kingdom Ambassador to move into success.

The Expansion Summit Faculties and Participants will share their knowledge and experiences on how to face your fears. Our fears often make a situation undergoing change appear to be worse than it really is. Johnson's book teaches you to take stock of each scenario and helps you to put your fears aside in order to look to the future. Conquering your fear and approaching 'change situations' with the right attitude can put an entirely new (and positive) spin on things, allowing you to navigate the event in a logical and rational manner.

Spiritual and Business Magnates, Employers and Entrepreneurs have revealed that alongside the battle for the customer, the most important battleground for competing global companies is now for talent. This decade will see the First World War for the globe's top 1 percent of talent. Top CEOs reveal that the First World War for talent will require a fundamental rethink of ways of attracting and developing talent. This Summit shall reveal to participants that through talent development, employees understand their roles and have the skills and tools they need. It will also reveal to participants that with talent development leaders, professionals, entrepreneurs and employees really commit fewer errors and become more productive. Relevant education and training as will be acquired in this Summit will also increase employee engagement, which enhances their performance.

# THE WISDOM OF SOLOMON IN OUR TIME

**S**olomon in the Bible (1 Kings 3:5-15), asked for wisdom and an understanding mind to be able to lead the great people of Israel. God was pleased with the category of request Solomon made. God was happy that Solomon did not ask for riches and any other earthly thing but rather wisdom to guide his people. On his part, Napoleon Hill an American self-help author best known for his book *Think and Grow Rich* (1937), like Solomon, placed his prayer request before God. “O Divine Providence, I ask not for more riches but more wisdom with which to make wiser use of the riches you gave me at birth, consisting in the power to control and direct my own mind to whatever ends I might desire.”

The Expansion Summit is tailored to provide participants with an abundance of useful information and practical content related to

your industry. In addition, it is intended to keep you on top of things with the latest trends in your fields.

Attending the Expansion Summit will allow you to meet people from all around the world. If feasible, include a few well-known figures from your field of study or work. It will allow you to nurture your brain while also allowing you to be open to new ideas and concepts.
